SLOTTED ANGLE RACKS

SLOTTED ANGLE RACKS

PIGEON HOLE RACKS

MULTI TIER RACKS

HEAVY DUTY SLOTTED ANGLE RACKS

HEAVY DUTY SLOTTED ANGLE RACKS

SLOTTED ANGLE RACKS

Description:

Our Slotted Angle Racks are an economical and highly versatile storage solution. Made from high-grade CRCA steel with precision-perforated slotted angles, these racks can be assembled quickly and adjusted easily as per your storage requirements. Ideal for offices, warehouses, shops, libraries, and utility rooms.

Benefits:

- Modular and adjustable design
- Easy to assemble and relocate
- Powder-coated for corrosion resistance
- Cost-effective storage solution
- Customizable sizes and shelving levels

PIGEON HOLE RACKS

Description:

Pigeon Hole Racks (also known as pigeon racks) are perfect for organizing small items in separate compartments. Fabricated using slotted angles and CRCA steel sheets, these racks help in categorizing components, files, or tools for quick access.

Benefits:

- Designed for compartmentalized storage
- Enhances efficiency in inventory or document management
- Suitable for workshops, warehouses, and offices
- Can be made in multiple configurations
- Space-saving and organized solution

MULTI-TIER SLOTTED ANGLE RACKS

Description:

Multi-tier Slotted Angle Racking systems utilize vertical height to the fullest, enabling two or more levels of storage. Designed for maximizing space in high-roof warehouses or storage rooms, these systems are ideal for medium-duty to light-duty inventory.

Benefits:

- Doubles or triples storage capacity using vertical space
- Suitable for manual storage and retrieval
- Walkways and staircases can be integrated
- Ideal for file storage, spare parts, and lightweight inventory
- Custom-built as per site requirements

HEAVY DUTY SLOTTED ANGLE RACKS

Description:

Heavy Duty Slotted Angle Racks are an enhanced version of standard slotted angle systems, designed to handle significantly higher load capacities. These racks combine the flexibility of slotted angle construction with the strength of reinforced shelves and thicker sections. They are ideal for storing heavy inventory, bulky materials, tools, dies, and non-palletized goods in industrial, commercial, and warehouse environments.

Benefits:

- Strong and stable framework for high-load applications
- Fully adjustable shelf levels as per storage height needs
- Reinforced shelves for extra durability
- Can be expanded or modified easily as per space availability
- Rust-resistant powder coating ensures longer life
- Cost-efficient alternative to conventional pallet racking systems

#	Product Code	Specifications	Panel / Compartment	UDL Per Shelf	PRICE
1	RX 783612	1950 H X 900 L X 300 D	5 PANEL 4 COMPARTMENT	50 KGS	₹ 2,400
